

Public Safety Interoperable Communications Office

ANNOUNCEMENT

Apache and Navajo Counties TICP Workshops

January 23, 2013 – 10am to 2pm

March 25, 2013 – 9am to 4pm

Description: Arizona's Public Safety Interoperable Communications (PSIC) Office will be assisting Apache and Navajo Counties to develop a Joint Tactical Interoperable Communications Plan (TICP) which documents interoperable communications governance structures, technology assets, and usage policies, and procedures.

First responders can use a TICP to clearly define the breadth and scope of interoperable assets available in Apache and Navajo Counties, how those assets are shared and their use prioritized, and the steps individual agencies should follow to request, activate, use, and deactivate each asset.

The TICP will assist agencies to:

- Identify all mobile/deployable equipment assets including related personnel resources (COMLs, COMTs, etc.)
- Document these assets
- Determine how best to group these assets for various types of deployments
- Establish the request, activation and deployment procedures for these groups of assets within the County
- Establish procedures for deployment (outside the County) for statewide use

Meeting: Two workshops for this effort will be held as follows:

TICP Kick-off Workshop

January 23, 2013 – 10am to 2pm

Apache County Round Valley Annex

Conference Room
309 S Mountain Ave
Springerville, AZ

TICP Development Workshop

March 25, 2013 – 9am to 4pm

Frontier Conference Room

Located in the Navajo County Health
Building
600 N. 9th Place
Show Low, Arizona 85901

Who Should Attend: Communications and Operational representatives from all public safety/service disciplines from all agencies in Apache and Navajo Counties.

RSVP: Please RSVP no later than January 18th, online at
